

3. Write a query in SQL to list the Horror movies?

```
SELECT MOV_TITLE
FROM MOVIE
WHERE MOV_ID =(SELECT MOV_ID
                FROM MOVIE_GENRES
                WHERE GEN_ID = (SELECT GEN_ID
                                FROM GENRES
                                WHERE GEN_TITLE = 'Horror'));
```

```
